

Where are we now?

Our vision extends to finding peace houses that work in small groups. Small groups designed to establish trust among Church members. We consider groups to be the life of the Church. We currently have 5 groups and we are about to open 2 more in the community.

Our plan is to grow more in groups next year and to refurbish the building we have as a Community Center and meeting place for groups.

As the early Church did: *And persevering with one accord every day in the temple, and breaking bread in the houses (Acts 2:46).*

We have a goal of having at least 10 groups next year. The plan is to develop programs that will help us establish ourselves more in the community, for this we will use the Community Center. First as a meeting place for our services and then to be able to hold monthly events that bring us closer to families and establish strong ties with the community.

In short:

-Small groups as a basis for the Church.

- Community center as a place of life for the Church

-Monthly events as a connection to the life of the Church.

Why pray?

1. For the Vision of **Small Group Development**. Because of its growth and reach.
2. For the pastoral family and its home. Currently God has allowed us to begin the construction of **our house** for the use of small groups and the needs of the Fuentes family. So that God may supply us with the needs that arise.
3. By the **Community Center**. A place that needs a lot of support for its use and comfort, in addition to the plan to generate monthly events in the community.

What else do we do?

I'm **looking for connections** with churches that share the same approach. That is why I am in support of the New Life II Church where I participate in music and preaching. This is in order to assist the pastor in the burden of ministry.

-In my calling as a Community Pastor I also support local ministries in leadership group development, currently I have a group of different Churches around in the same community and we study a book that will give us the path to be more intentional in our Church in light of God's Word.

-I also participate in events at my children's schools teaching and participating in school events, as well as educational activities. We also have teaching meetings on the community court and an active youth group. We believe in the power of the gospel to change a generation.
